Model Vis-a-Vis

Made in Germany for over 100 years. Dedicated to dignified care.

Guided by the principle, Völker develops and produces healthcare and hospital beds that allow patients to recover as fully as possible and that offer residents exceptional comfort. With their extensive functionality, our beds are versatile enough for any hospital or healthcare environment. Their appearance ensures that every room has a pleasant atmosphere. Our beds combine form and function to meet the needs of patients, residents and caregivers alike.

Original Völker accessories make the perfect addition to our beds. As well as meet-

ing all the relevant safety global requirements.

Our manufacturing procedures in Germany ensures the highest quality and processing standards across all our products. With comprehensive guidance (before and after purchasing), efficient logistics, technical service and advanced training capabilities, we offer our customers an all-inclusive service model. This enhances the care process, reduces follow up costs and increases caregiver and user satisfaction - not to mention giving staff more time to provide dignified care.

Play it safe. With Völker Service.

Völker Service maximises the return on your investment in Völker beds. Our Service team will also take responsibility for a large amount of the work and requirements that arise from the German Medical Devices Act and other legislation.

All of our service technicians are qualified and

experienced testers who are very familiar with the medical devices they inspect. They will test and service your beds meticulously, observing all of the legal requirements.

Any defects are usually fixed immediately and therefore at optimum cost.

Völker Service additionally compiles detailed legal documentation and checks all records to ensure that they are complete.

We would be happy to discuss which Völker Service options would best suit your needs. Simply get in touch.
